Citizens Advisory Committee #6

Objectives

January 8, 2004

5:30 pm – 7:30 pm

Board of Supervisors Chamber, Lakeport

1. **Introductions**
2. **Overview of Key Issues**
3. **Defining Key Objectives**
4. **Range of Alternatives**
5. **Next Steps**

The purpose of this workshop is to identify the key objectives that will be used to define the direction of the General Plan. Following a review of the key issues identified by the Steering Committee at our last meeting, the Steering Committee will work on identifying up to three objectives for each issue. What is an objective? An objective is basically a statement of a desired future condition. These are not action statements (i.e., the County shall...) but rather a statement on what the County should be in the future relative to a specific issue or resource.

The Steering Committee will then look at the broad alternatives that will be included in the General Plan.
